ENHANCED ROOMS

Dear valued business partner,

Greetings from Al Hamra Residence and Al Hamra Village Hotel!

We have recently completed significant enhancements to our properties, addressing concerns related to construction work in the past few months. We understand the importance of guest satisfaction and are pleased to inform you that the construction is now complete. Furthermore, our rooms & suites at Al Hamra Residence have been enhanced.

To provide you with a visual preview of the improvements, we have attached high-resolution images showcasing the enhanced beach and road access. You can download the images through the following link: <https://bit.ly/ahrv-enhancements-2023>.

We believe that these enhancements will contribute to the overall satisfaction of our valued guests, and we look forward to the continued success of our partnership. Thank you for your understanding and support.
